# NOTE FROM THE CHAIR

Todd Streff, MS,  
BCBA | CHAIRMAN

The evolution of state licensure for the practice of Applied Behavior Analysis, ongoing BACB (Behavior Analyst Certification Board) updates, insurance / payee requirements and recent COVID related adjustments to our profession have made it challenging for many ABA professionals to remain current on the requirements of their Missouri license and BACB certification. Simply remembering the differences and requirements of state licensure versus certification and when each renewal is due can have a significant impact on your ability to perform your job duties.

The BACB provides 90 days from your recertification date to reinstate your certification. After this grace period, you will lose your certification and will need to reapply and meet the eligibility requirements applicable at that time. Missouri Behavior Analyst licensure expires upon your BACB recertification date and you are no longer able to practice ABA (Applied Behavior Analysis) in the state of Missouri, unless you are part of the licensure exemption. Being aware of these differences and the others that exist are up to the Missouri licensee to research and understand.

Basic housekeeping tasks such as reporting and documenting name, address or email changes are essential to maintain the accuracy of your license and to receive information from the Missouri Behavior Analyst Advisory Board. If you are a Licensed Behavior Analyst who supervises either a Provisional Behavior Analyst or a Provisional Assistant Behavior Analyst or are providing ongoing supervision to a LaBA (Licensed Assistant Behavior Analyst) you need to insure you have provided the required Supervision Agreement to the Board. Conversely, if you stop supervision of an individual you must notify the Board of this change. These forms can be located on the Board page under the [Licensee Information](#).

The Behavior Analyst Advisory Board in its efforts to help assist licensees will begin providing updates and Newsletter articles to help clarify Missouri ABA licensure. Please check the [Behavior Analyst Advisory Board page](#) for these updates. The rules and statutes for providing ABA services in Missouri can also be found on this page if you have questions. Information regarding certification by the BACB can be found at <https://www.bacb.com/> with their updates at <https://www.bacb.com/recent-updates/>.
